How it's Going

How it Started

How it's Going

Where it's Going

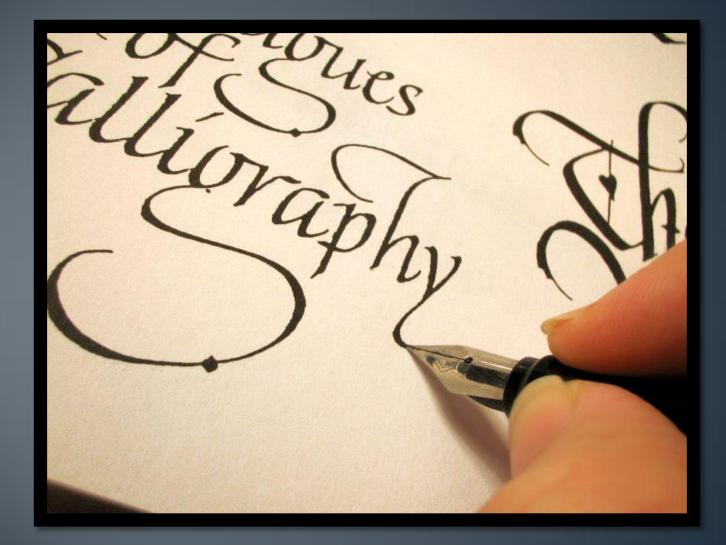

NO MATTER YOUR LEVEL OF INVOLVEMENT, YOU ARE A PART OF WHERE IT'S GOING.

VERY FEW HOBBIES/ACTIVITIES HAVE SUCCEEDED **REMAINING EXACTLY** THE SAME

DO WE WANT AMATEUR RADIO TO BE LIKE SEARS OR DO WE WANT IT TO BE LIKE AMAZON?

SEARS MODEL - FULL OF ABSOLUTES

- That's how we've always done it.
- We've never done it like that before.
- That will never work.
- We don't do it that way.

AMAZON MODEL

- Open to new ideas
 - •"let's try it and see what happens"
- Inviting to new hams
- Learning new skills
- Experimenting
 - Antennas
 - Radios
 - Modes

Where is amateur radio headed?

How will you be involved?

How much has the hobby evolved? Basics have remained the same, or have they? -CW, Phone, NTS

WHY STOP HERE?

- CW
- PHONE
- DIGITAL
- APRS
- FT-8
- POTA
- SATELLITES

WHAT ELSE CAN WE DO WITH **AMATEUR RADIO?** SPACE RADIO • Mars • E.V.E. Bounces • EXPERIMENTAL MEDICAL BREAKTHROUGHS • MORE WITH MESHTASTIC ASSISTANCE FROM A.I. AUXILIARY COMMUNICATIONS

NEW IDEAS SOMETIMES NEED NEW PEOPLE • YOUTH, YOUTH, YOUTH

- ARRL IS HOT ON THIS WITH TEACHERS INSTITUTES
- WHAT ELSE IS YOUTH GOOD FOR? HINT AGILITY
- LATEST TECH GURUS

• HAM RADIO RELIES HEAVILY ON I.T.

TAKEAWAYS

- AMATEUR RADIO HAS CONSTANTLY EVOLVED AND WILL CONTINUE TO DO SO
- IT IS UP TO US TO ENSURE IT REMAINS SUCCESSFUL
- WE NEED NEW FACES TO KEEP
 MOVING FORWARD

WE ARE ALL A PART OF WHERE AMATEUR RADIO IS GOING
